REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Washington Center, located in Greenville, South Carolina, is a separate public school serving students exhibiting severe intellectual and physical disabilities. Students have multiple disabilities such as autism, blindness, deafness, speech deficits, and motor impairments. Significant cognitive disabilities and compounding health issues are factors impacting student progress and attendance. Enrolled students reside throughout the Greenville County School District with special transportation provided. Following federal Due Process criteria, recommendations are made for placement at Washington Center. Staffing Committees comprised of parents, administrators, classroom teachers and therapists develop Individualized Educational Plans as the basis for curriculum.

Students attending Washington Center range in ages from three to 21, with a grade span of pre-kindergarten through twelve. On a separate campus, Washington Center @ Hollis serves the qualifying pre-school special needs students, aged three through seven. During the 2012-2013 school year, Washington Center served a combined 141 students with twenty self-contained classroom teachers, one homebound teacher and 43 Para-professionals. Support staff includes an Adapted Environmental Science and Daily Living instructors as well as Art, Music and Adapted Physical Education teachers. Staff members also incorporate four administrators, office secretary and clerk, a Media Specialist, Therapists (physical, occupational and speech), custodial and cafeteria personnel, two registered nurses, six licensed practitioner nurses and two orderlies. Vision, orientation/mobility, and hearing services are available on an itinerant basis for qualifying students. Washington Center occupied its current main campus in 2005 as a prototype, state-of-the-art facility for special needs instruction. The main campus includes: eighteen specialized classrooms, multisensory suite, multi-purpose gym, media center, art and music classrooms, Adapted Environmental Science area with greenhouse, Daily Living classroom, instructional kitchens, and speech lab. In a mirrored configuration, Washington Center @ Hollis offers an early education setting of six classrooms, a multi-sensory suite, and therapy area. Handicapped accessible playgrounds on both campuses provide appropriate adapted recreation.

Students have access to the state curriculum through Extended Academic Standards instruction with evaluation via the South Carolina Alternate Assessment. The school offers specialized curriculum such as the Mobility Opportunities via Education (M.O.V.E.), Adaptive Environmental Science and Daily Living programs, with learning access through augmentative communication and assistive technology. Technology is integrated through touch screen adapted computers along with the use of Smart and Promethean Boards. Students participate in Special Olympics and Challenge Day. Inclusion activities are shared with neighboring regular education schools. Volunteerism from area schools, colleges and the community is promoted along with numerous business partnerships. The mission of Washington Center is to provide opportunities for students to explore and develop potential for independent functioning and community involvement by addressing students' individual needs and creating a partnership with home, school, and community. Dr. Wanda Brownlee is the principal of Washington Center with Mrs. Carla Burkhardt serving as the PTA President.
